

# Victory in Security Loan Drive in Sight, Says Chairman

## Village Quota Is Assured

Purchases to Date  
In Small Amounts; Big  
Finale Is Promised

It may be a bad time of the year—and the old patriotic incentive may be absent—but Palm Springs is again going over the top in a United States savings drive.

Chairman Tom Holland of the Security Loan drive which started June 1 and is scheduled to come to an end June 30 said yesterday that success of the campaign in Palm Springs is virtually assured.

The Village quota was fixed at \$145,000 and while it was below the half way mark as of Saturday noon, commitments given Holland and his co-chairman, Fred Ingram, Bank of America manager here, and R. M. Gorman, postmaster, will make up the difference today or tomorrow.

**THE FINAL SURGE** which will maintain Palm Springs' reputation as never having failed in a bond drive, will constitute the "big" purchases. Up to date, the sale has been mostly in E bonds in varying small amounts from \$25 up.

The larger purchasers in F's and G's are included in the final commitments due this week.

"Well, it looks as if Palm Springs has done it again," said Holland last night. "When the drive started I thought it was an impossible task."

**"HERETOFORE** whenever we staged a bond drive here we had the advantage of a town full of people and the winning of the war as an incentive. This time a lot of people who could be counted on for large purchases had none for the summer, there was no war on, and people seemed to have so many other needs for their money.

"But they came through. For instance, Pop Gorman at the post office reported that at his place the sale of bonds jumped sharply when the drive was announced. Bonds had been selling right along as smart people sought a safe investment for their funds. But the amounts average around \$100 per week. When the drive started, they went up sixfold to around \$600 a week. Fred Ingram at the bank says the same. The average small weekly purchases suddenly swelled when the drive was announced."

**PALM SPRINGS** quota in the campaign was fixed by J. S. Bordwell, county chairman at \$145,000—\$91,385 in E's and \$53,615 in F's and G's. With the sale mostly confined to E's so far, \$60,512.50 was credited to the drive as of Saturday noon. The remainder is expected to come in before the end of the week—well before the end of the national campaign.

"The only difference is that this time, we are going to make our quota whereas before, with the patriotic incentive, we went two and three times over our quota every time and once, four times over," said Holland who successfully conducted the wartime campaigns.

## This Side Of The Sun

By Phat

Now summer's here, it won't be long, before the season comes along

Got the above so-called inspiration while lolling in an easy chair enjoying Father's Day. Mrs. G. had been talking about that old book, now a screen play, called "If Winter Comes." . . . That, in turn, had to do with an older poem based on the theory that if winter comes, spring can't be far away. . . . Well, if summer comes, autumn can't be so far off, either, unless someone shuffles the seasons on me. . . . Anyway, the new season (cap the Season, Sherlock) isn't as far away as it was. As I started to say, I was talking to Mrs. G. it being my turn, Father's Day, and I mentioned that thought about autumn coming up next. . . . She scoffed. "Always a Polyanna and a Chamber of Commerce delight. Why don't you write one like this?" . . . And she suggested:

Spring has went,  
The grass is dead,  
Cricket time  
Is just ahead.

**HAVING** to earn my bread and butter and photograph records here in Palm Springs, I turned thumbs down on that one. . . . But summer is here and spring has went. Can't get around that. . . . Yesterday was the longest day of the year. . . . It didn't just seem that way, it was. . . . The sun came up at 5:41 a.m., official

**EDUCATORS**—Some years ago Ray Cree, prominent Village educator, was county superintendent of schools. He is still in the educational endeavor today. With Mrs. Cree, pictured with him in their desert garden, he is sponsoring an international education venture of great value. (Riverside Enterprise photo.)

## Crees Return From Visit to Foundation

Mr. and Mrs. Raymond Cree returned to Palm Springs yesterday from Santa Barbara where they spent the week-end on business and pleasure, the business portion being devoted to the Marsden Foundation which they are sponsoring in the hopes of developing the right kind of world leadership.

At the Chapel Inn in that city summer activities of the Marsden Foundation are centered.

**MRS. CREE** and Dr. Elizabeth M. Bonbright originated the foundation and Cree has joined in its administration. The foundation's purpose is to assist in educating the top two per cent of the youth of the world. Its ideal is to develop a non-nationalist "one-world" spirit in future leaders of the world.

Gifted youths are brought to the United States to attend universities of their choice. During vacation periods and week-ends these students are invited to spend time at Cree Ranch at Palm Springs to learn something more of the American way of life. In summer everyone moves to the Chapel Inn at Santa Barbara, developed by one of the early Spanish families of that city.

**MARSDEN FOUNDATION** is now completing its first school year so it still is on a small scale. Officers of the group hope to increase the number of students. They also will try to encourage

## Nightball

Exciting Games Assured  
Fans at Field Club

Nine softball games are slated for local fans between now and the week-end Bob Bennett, Recreation director in charge of the summer program at the Field Club said today. Every bracket in the local softball loops is covered in the schedule. Games for the week are:

**Tonight:** (First Game) Coachella vs. Globe Trotters; (Second Game) County League—Banning Outlaws vs. Palm Springs Electric; Boys Senior team meets Safeway at Indio.

**Wednesday Night:** (First Game) Boys League—Chuckwallas vs. Lion Cubs; (Second Game) Desert League—Palm Springs Electric vs. Junior Chamber of Commerce.

**Thursday Night:** (First Game) Girls League—Mexican Chicks vs. Globe Trotters; (Second Game) Desert League—Mexican Colony vs. American Legion; County League—Palm Springs at Indio.

**Friday Night:** (First Game) Boys' League—Roadrunners vs. Chuckwallas; (Second Game) Desert League—White Sox vs. Desert Hot Springs.

## Yucca Valley Excited Over Gold in Well

Yucca Valley, about 40 miles from Palm Springs on the 29 Palms highway, is the scene of gold mining activities according to Mrs. Ruth Stuart, associate editor of the Desert Spotlight of the community, who reported in Riverside last week that mining operations there are now in full blast.

Yucca Valley is in San Bernardino county and near a new development on the Whitehorn ranch, owned by James Whitehorn of this city, at Joshua. It is near the Joshua Tree National monument.

**ACCORDING** to reports, gold-bearing quartz was found 500 feet down on the property of Walter D. Jenkins while workmen were digging a water well.

The ore also contains platinum, iron, copper, zinc, cobalt, nickel and mercury. It is said to run \$900 to the ton in gold.

Mining machinery has been moved in to the property and a crew of about 35 men is at work there.

**RESIDENTS** of the area are excited by the find and confident that mining activity will increase. Jenkins, who owns the property, is a manufacturer of chemical products made from desert vegetation.

## On Directorate

Four Villagers Named by  
Crippled Children's Group

Four Villagers were elected to the board of directors of the Crippled Children's Society of Riverside county at the annual meeting of the group at Riverside last week.

Mrs. Dorothy Levin was elected to a three-year term; Mrs. F. A. Purcell to a two-year term, and Harry C. Harper and Mrs. J. E. Ballard to one-year terms.

Mrs. W. E. Gilman of San Jacinto was elected president. The association handles the Easter Seal sale for crippled children.

## Teitelbaum To Continue Track Fight

Plans To Take Battle  
To Sacramento After  
Rejection by Board

Abraham Teitelbaum, Chicago attorney and winter resident of the Indio region, isn't through yet with his plan to build a major race track in the desert area close enough to Palm Springs to attract, as he believes, the large winter colony here.

Rebuffed by county supervisors on advice of County Counsel Earl Redwine, he now plans to carry his fight to the state legislature. "I still believe my race track proposal, would provide a valuable asset to the desert area during the tourist season," he said.

**COUNTY COUNSEL** Redwine, however, held out little hope for success for Teitelbaum in Sacramento.

"Any act that Teitelbaum might be able to get through the legislature would be unconstitutional," he said. "The constitution of the state provides that counties cannot own land other than for public purposes."

Teitelbaum's original proposal was that he would build a \$1,500,000 racing plant, deed it to the county providing they would lease it back to him.

**THIS PROPOSAL** was the one supervisors rejected a week ago yesterday on Redwine's advice that it would violate the constitution.

In the meantime another obstacle in the state legislature was seen in the recent statements by the county delegation at Sacramento they would oppose any race track in Riverside county.

Statements to this effect were made last week by Senator Nelson Dilworth, Assemblyman Phil Boyd and Assemblyman-elect John Babbage.

**TEITELBAUM**, however, is quoted in Indio as saying that he will exert all legal means as a lawyer and taxpayer to accomplish this enterprise," he said.

"I plan to petition the legislature to amend the act prohibiting acceptance of my proposal."

Last week clergymen in the Indio area protested the race track plan and Supervisor James Easley presented other letters protesting the track.

On the other side, veterans' organizations of the area favored the proposal.

## Appointments

One With Doctor Leads  
To One With Court

Robert Sprott, accused of theft in connection with the burglary of a paper weight from a local apartment, was scheduled to face court in Riverside today.

Sprott was arrested after a doctor's appointment card bearing his name was found beneath a window of the apartment. He was arrested in the Los Angeles physician's office when he went to keep the appointment.

## Moon Rainbow

Brilliant Lunar Display  
Viewed by Villagers

Did you see it? Friday night residents of Palm Springs went moon-gazing.

A combination of fleecy clouds and a bright moon produced one of the most beautiful moon-rainbows witnessed on the desert for some time.

## Start Move For Regional Plan Office

Resolution Asking County  
To Act Goes Before  
Planners Tomorrow

Need for a regional planning technician for the rapidly growing desert area will be impressed upon board of supervisors strongly if a resolution prepared for submission to the Coachella Valley Planners Advisory committee here tomorrow night is adopted.

The resolution was prepared by City Manager W. E. Alworth after conference with Joe Snyder of the Coachella Valley Water company and other interested citizens in the desert area.

**CONFERENCES** between heads of civic governments and other civic bodies here and in Indio and in the between desert communities, developed the great need of a planning engineer to be stationed in this area, probably Indio, to be able to give first-aid and prompt decisions on planning matters.

"The area is growing so fast and developing in every manner that expert advice and judgment is needed to coordinate the rapid expansion," Alworth said.

**HE POINTED OUT** that highway plans are legion at present. There are plans for freeways which must be coordinated by the area and into this system of freeways there are many plans for access roads which must be welded into a system to serve the greatest number in the most efficient way, he said.

In addition to highways, there are water problems, drainage and flood problems, housing, building and many other items.

**LEADERS** in the Coachella Valley-Palm Springs area believe that unless concerted and coordinate action is taken, a hodge-podge development which would take years to eradicate at a later date, will result.

To avert this, they believe that a planning technician employed by the county and working with the county planning commission should be stationed right in the area where, backed by appropriate legislation, he could promote the orderly development of the area.

**"AND DON'T FORGET,** that growth and development is right on top of us," said Alworth. "Intelligent planning is needed right now to prevent grief in the future."

The matter will be submitted to the advisory committee meeting at the El Paseo tomorrow night.

It is hoped that by establishing an office of a county planner at Indio, in the center of the great growing desert circle, long trips to the county seat, much expense and time, can be saved.

## Accident

Traffic Squad Man In  
Mishap in Traffic

Howard Poe, member of the traffic squad of the local police department, got fouled up in traffic himself while on vacation tour and wound up in Buffalo, New York by train instead of by automobile.

En route east his automobile was cracked-up in Vanadalia, Ill., when another car crashed into him.

Poe left the car for repairs in the Illinois city and proceeded east by train. He will pick up the car on his return trip. He wrote friends on the local department last week that damage to his automobile was estimated at \$585. He is due back on the force in July.

## It's Dead, Now

Sighted snake, killed same. That was the report of Policeman John Herrera and Jess Kirkpatrick after they responded to an S.O.S. from Joan Baker, 1077 Tamarisk.

The appeal for help said there was a snake in the yard and the applicant for aid didn't know whether it was poisonous or not. The police report did not specify what kind of a snake it was outside of the fact that it is now a dead snake.

## Desert Area Planners Will Meet in Village

Coachella Valley  
Advisory Board at  
El Paseo Tomorrow

Important matters relating to coordinated planning for the Coachella Valley area will be discussed tomorrow night when the Coachella Valley Advisory Planning Committee holds its regular meeting in Palm Springs.

One of the chief matters to be discussed will be the request to county supervisors to establish regional county offices and headquarters in Coachella Valley to save residents having business with county offices many miles of travel annually.

The committee will meet at the El Paseo building at 7:30 p.m. City Manager William E. Alworth said today.

The public is invited to attend and participate in the discussions which are designed for the betterment of the desert area.

Ted Carlson, president of the group, will preside.

## Schuman Again In Control at Chi Chi Cafe

Irwin Schuman is back in the Village, sleeves rolled up and going over the Chi Chi with contractors, planning complete renovations and redecorations.

Schuman, well known local restaurateur, who started the Chi Chi here and expanded it into a string of famous southland eating houses, last year sold out his holdings here, in Hollywood, Riverside and some other southern California cities to the Pig N' Whistle-Melody Lane group.

Last week he re-acquired the local cafe. The other parts of the chain remain in the hands of the Pig N' Whistle corporation.

"The Palm Springs Chi Chi is more or less a seasonal proposition, I guess," said Schuman in explaining why he was able to re-purchase the local spot.

The dining room was closed as of Saturday and workmen will swarm into the place this week to remove partitions to combine two of the rooms into one and to re-decorate the entire place.

When they complete work on the dining rooms, the cocktail lounge will be closed temporarily while it is being given a thorough face-lifting. The Chi Chi is one of the few spots in town with a year-around liquor license.

"We'll be all set for the new season on October 15, re-decorated, refurbished, refurbished and ready to go to maintain our reputation for excellent food and entertainment," said Schuman.

## Restitution

Jack Lemon who found a \$1,500 wrist watch and pawned it in Los Angeles, according to police charges was sentenced to 90 days in jail when he appeared before Judge E. E. Theriault.

The sentence was suspended providing Lemon does not become involved with the law for two years and makes restitution to the Los Angeles pawnbroker to whom he sold the watch.

**Back on the staff at KCMJ,** Palm Springs, is Johnny Clowes, formerly an announcer at Radi-Oasis. After eight months of duty at a Ventura, California station, Clowes has decided he prefers desert life—enough to return to KCMJ in the summer time!

**The PUBLISHER'S**  
by OLIVER B. JAYNES Corner

**"IT'S THE ELEVENTH HOUR** and fifty-ninth minute, as far as saving California cities and farms from water shortage," said Ray B. Wiser, president of the California Farm Bureau Federation, at a mass meeting in Riverside Monday. Wiser is traveling the length and breadth of the state, making two speeches a day to audiences consisting of representatives of all civic, service and fraternal organizations, urging the development of every available source of water no matter where it can be found and putting it to use wherever needed.

**EVERY WEEK FROM 5,000 TO 8,000** new residents move to California, Wiser declared. Every Monday morning Los Angeles schools have a thousand new students, and the same percentage of increase prevails throughout the state. Thousands of new homes are completed every week. All of these need more water. Underground water levels have been lowered to the point that ocean water is encroaching on the depleted fresh water supply and some coastal cities may find themselves without fresh water unless they find additional supply.

**WISER URGED EVERY ORGANIZATION** in every community in the state to have its "water study committee" whether that community has sufficient water now or not, because no community can prosper if all the surrounding communities dry up. Palm Springs, like Los Angeles, is exceedingly fortunate, but that is no reason why we should not join in a state-wide campaign to awaken the public consciousness to the seriousness of the situation.

## What Goes on in Palm Valley

By DON CAMERON

The highspot of the past week was the Herb Pritzlaff farewell party of the season at his Palm Desert home a week ago Sunday. Herb induced Ted Hutchison, with little coaxing, to prepare and serve traditional Mexican food and it was Ted's deft handling of the herbs grown at his Desert Nursery that made the mint flavored albondigas so delicious.

Throughout the afternoon Herb, the genial host, showed his guests around his newly completed home, bringing them back from time to time to his beautiful copper bar and personally replenished their empty glasses. Among those present were the Ed Nelissens, Robert Sturgeons, James Ramseys, Don Benkes, Ed Ewatts, Evan Eddys, Major Slatters, Herbert Truexes, and Art Chapman, Mrs. Lilli Sweetland, Miss Bunny Steele and Randall Henderson.

THIS ITEM is written with the idea of saving someone a lot of

homesickness and expense. Every once in a while some one decides he is fed up with the desert and sells out and takes off for the ocean or some other spot. I know they all come back or wish they could come back and here's a few cases that came to my attention this week. These folks left but the old smell of the sagebrush was too strong and finally they returned. Jack Heinen, who had the first beer license in Palm Springs, back in '33 started the Silk Hat, sold it to Greasy Lee, now is back operating the Knotty Pine in Cathedral City for

Adeline McLearn. Lee Miller, well known for his adobe buildings, especially in the Araby Tract, left for years and now vacationing from the Kaiser Iron mine in Eagle mountains, is helping Elly in Rancho Mirage. Jack Bryant used to operate the poolhall on East Andreas till he sold it to Tom Luke and Ad Allegrini, left for the northern part of the state, but now is back and has the poolhall in Cathedral City. Bill and Lucille Williams sold the Knotty Pine in Cathedral City to Adeine McLearn back in '43, left for Beaumont, now back with a beer license in a new spot at Indian Wells and plan to open before July first. Irwin Shulman of Chi Chi fame, talked to him at the Bombay a few nights ago—says he is taking back the local Chi Chi and hopes to have many of the old gang including George Lafayette back on the job and ready for a formal opening October 25th. Tom Luke, after selling the Pioneer Club to Refugio Salazar, started Tommy's Liquor store in Big Bear Lake, didn't like the mountains and is now back to settle down in Palm Springs.

OFF TO Grand Rapids, Michigan, the Jeff Shanks; to Detroit for six weeks, Dave Culver; to New Baltimore, Michigan, the Harry Holts. Back from New York, Jack Sweetland; from Chicago, Pete Harper, now a sophomore at Northwestern; the Clar-

### Christian Science Broadcast Sunday

Sunday morning, June 27, the Columbia Church of the Air will be broadcast under the auspices of the Christian Science Committee on Publication for Pennsylvania. The subject of the address will be "Choose you this day." The program will be released over Station KNX at 7:30 a.m., Pacific Daylight Saving Time.

ence Bondies over from Del Mar with plenty of avocados for their desert friends. Operated on for appendicitis in the Coachella Valley hospital Wednesday afternoon by Dr. Pawley, Bunny Steele, well known in Rancho Mirage. Off to the state AMVET convention in Santa Cruz last weekend, Col. C. N. Braswell, Bill Rashall, Bill Davis, Pegi Scott, Esther Yurman and Minerva Wainess. Married in Yuma, Peggy Randall to Lee Ronine on May 27th. Now living at their ranch in Del Sol.

Every once in a while a mistake occurs in the column and last week there were two. The Ramsey party sounded like a stag. From the names Stanley Corson to Art Sells it should have read Mr. and Mrs. Also Walter Kirshner bought the twelve acres adjoining the La Quinta hotel but not the hotel itself.

### Take It Easy!

#### County Motor Patrol At Pre-War Strength

Don't you know there isn't any war on?

So take it easy on the highways. The county motor patrol is back at full strength for the first time since the Japs snuck up on Pearl Harbor.

California Highway Patrol Captain J. R. King announced this week that with the addition of new men and reassignments, the county staff patrolling the highways now consists of a captain, three sergeants and 24 patrolmen, approximately pre-war strength.

### Prized Letter

#### Dilworth Congratulated By Governor Warren

Among the many letters of congratulation he received following his unanimous re-election to the state senate one which Senator Nelson Dilworth is proudest of is from the office of Gov. Earl Warren.

The governor closed his letter with the comment: "Your unanimous re-election is indeed a tribute to the sincerity and ability with which you have carried out your duties for so many years."

### SAN BERNARDINO COUNTY TROUT

Best trout fishing to be had recently in San Bernardino county has been along Bear creek and the Upper Santa Ana river, according to the National Automobile club.

### STRIPED BASS ANGLING

Striped bass anglers have enjoyed first-rate sport recently on the San Joaquin river near the mouth of the Mokelumne river and off Potato point, reports National Automobile club.

From where I sit... by Joe Marsh

### They let the Wives in!

The ex-GI's of our town entertained their wives the other night at one of their "feeds" of hamburger sandwiches and ice cold beer. (The girls had hinted that they'd like to see what went on when their husbands got together!)

Being wary, the boys provided chicken sandwiches and cake and cider—for those wives who might have other tastes. But though they were grateful for the choice, most of the wives agreed that hamburger sandwiches and beer were a mighty pleasant combination.

After the "feed" the husbands took their wives on at a game of darts, and later they played "indications." The party broke up around ten, with the boys agreeing that it was mighty successful.

From where I sit, it's this companionship among young couples today, and their moderation in a sensible beverage like beer, that's won the younger generation such a wholesome reputation.

## No Summer Rest For Real Estaters

### Sheptenko Lists Many Recent Transactions

"Stay through May and June? I've found that it pays to stay all through July, August and September, too," said Peter B. Sheptenko, local real estate broker, in discussing summer business in the village. "I've been active in real estate here for the past ten years and in that time I've found that it pays to stick around the entire year." To prove it, he recounted the following recent deals:

Samuel H. Levine of the Palm Springs Biltmore leased the R. B. Benson house on Mesa drive. Mr. Levine will divide his time between San Francisco and Palm Springs during the summer, so that he may supervise plans for the influx of season guests expected at the Biltmore in the fall. Mr. Sheptenko negotiated the transaction.

Ruby Loughran, who has been teaching at the Frances Stevens school for the past twelve years, has taken the E. R. Burchiel house, also located in Tahquitz Estates, for next season. Miss Loughran will return to Palm Springs in September after a summer holiday at Long Beach. Jules DeVorzan of the Sheptenko office represented both principals in the transaction.

Samuel Sontag of the Sontag Drug company chain acquired two more lots adjoining his home on Camino Alturas. Extensive landscaping plans are underway for this beautiful hillside location and the new swimming pool is nearing completion. Al Ziskin represented Mr. Sontag in negotiating the purchase.

Mrs. Jerry Fredericks, associate broker of the Sheptenko office, last week purchased the R. H. Grant model home, which is perfectly adaptable to her Early American furnishings.

Noteworthy to hotel operators who are remaining open are the numerous calls for Fourth of July accommodations received at the Sheptenko office from Hollywood and coastal cities.

## Salaries Up

### Supervisors Adopt New Pay Scale Measure

Riverside county's pay schedule was upped almost \$350,000 by an ordinance passed last week by board of supervisors.

The bill—ordinance No. 329R—amended ordinance No. 320, the basic salary schedule. It provided a \$2830 salary for the new post of public defender. Creation of the post had been planned for some time.

The new salary schedule gave scheduled "step" raises to about 700 county employees, and provided a few individual raises to the supervisors said, "smooth out inequalities."

To live happily in the country one must have the soul of a poet, the mind of a philosopher, the simple tastes of a hermit, and a good car.

## School of Music for Idyllwild

University of Southern California Building  
Arts Center 50 Miles from Palm Springs

Residents of Palm Springs interested in music and arts are looking forward to their summers in Idyllwild with added enthusiasm. Idyllwild is going to have a fine music and arts school. The finest teachers in music and arts from the University of Southern California will be on the staff.

The school has been named the Idyllwild School of Music and the Arts and is sponsored by the University of Southern California and the Atwater-Kent Foundation. This project is now under construction on 320 beautiful wooded acres.

THE NEED for this is great because the war has left many serious problems in its wake, not the least of which is the rebuilding of an emotional and moral stability in the youth of the country at a time when the world needs this stability more than at any other period in its history.

The school will be located on a 250-acre site, surrounded on three sides by National forest, in the beautiful Idyllwild valley in the San Jacinto mountains, just a mile above sea level, in the midst of evergreen forests at the foot of Mt. Tahquitz (8800 ft.) and Mt. Marion (9500 ft.), it is 50 miles from Palm Springs.

THE PLANS for the school provide for a music center consisting of a beautiful natural bowl seating about 4000, classrooms, studios, and practice rooms. The arts center will consist of studios for metal and wood crafts, weaving, painting, sculpture and ceramics. The arts studios of the school will function as integral units in the development, furnishing, and beautification of the school. Students of the arts will all make their contributions to the creation of an environment which will be an inspiration to all the students who will live, work, and play within it.

The departments of drama and speech, dance, and radio will have separate buildings to house their classes and activities. An administrative unit in the center of the campus will house the dining hall, administration buildings, library, and student store.

The recreation area will include a large swimming pool, tennis, volleyball, and badminton courts, a ski run, toboggan slide, and an ice-skating pond. On each of the campus will be dormitory units, one for men and one for women. An infirmary will provide health safeguards and hospital needs for students and faculty members and their wives will be grouped in a beautifully wooded area at the edge of the campus.

THERE WILL be two sessions of the school, a regular fall-winter-spring session and a summer session.

The winter session of the school will extend from September to June and will provide an opportunity for 500 more veterans to get a college education than can be accommodated by colleges and universities at the present time. The winter session will provide training in music, fine arts, letters, and sciences necessary for the freshman and sophomore years of the curricula in the fields of music, fine arts, drama, speech, radio, and cinema.

## Supervisors Launch Annual Battle Of the Budget With Verbal Clashes

Marked by several verbal clashes, county supervisors Friday started the annual battle of the budget which will continue intermittently until the document is finally approved and the tax rate fixed.

Preliminary skirmishes involved the field of fire protection but will later go into practically every field of county government. The tentative budget for 1948-49 given supervisors earlier last week is almost \$2,000,000 higher than the budget for the current fiscal year.

REQUESTS for fire protection in the budget totaled \$187,795. When board members, particularly Supervisor Arthur Weirick of Corona, finished slashing and pruning, the figure was reduced to \$165,354. Amount appropriated last year was \$129,058.

Present to discuss the budget requests with the county governing board were James Mace, district supervisor for the state division of forestry; and Truman Holland, state ranger assigned to Riverside county.

ACCORDING to Mace and Holland reasons for an increased budget for the fiscal year 1948-49 include an expanded program of

fire protection and necessity of placing employees on a five-day working week.

Friday's meeting was enlivened by several verbal tilts between Supervisors Weirick and James I. Easley of Thermal, with Weirick carrying the torch for economy and Easley declaring it to be unwise to "save at the spigot only to lose at the bung hole."

Said the Corona supervisor: "I can't see why we should go overboard every year on these budget figures."

REPLIED EASLEY: "Maybe we should stop building houses, so we wouldn't need fire protection, which is a number one need for property and for people."

Visitors at yesterday's session included Donald Stevning, chairman of the Riverside County Taxpayers committee; and Richard Winter, representing the California Taxpayers association.

The Palm Springs Home Owners association is also highly interested in the budget and will be represented at later hearings.

## Frank Rice Aids All-Year Publicity

Frank Rice, publicity director of Bullock's, Inc., Los Angeles, was appointed today to the advertising committee of the All-Year club of Southern California, community organization for promoting the southland's \$500,000,000-a-year tourist industry. The appointment was announced by Paul S. Armstrong, general manager of the California Fruit Growers Exchange, and chairman of the committee.

Other committee members are R. G. Kenyon, vice-president of the Southern California Edison company; Don E. Gilman, executive vice-president of the Western Oil and Gas Association; Arch Reeve, secretary of the public in-

## Hot Springs to Get New Hotel Soon

Reports were persistent in Desert Hot Springs this week that a large hotel will be erected this year on a lot near the bath house in that community.

A large cafe is included in the plans. Cost was reported in excess of \$200,000 on the initial units. Swimming pool and commercial baths will be built in addition to the hotel and cafe.

formation committee of the Motion Picture Producers association; Fred R. Kerman, vice-president of the Pacific Mutual Life Insurance company; Ross Welch, publicist.

## 303 Rental Cases Processed in Area

### Director Reports on Hearings in County

George J. MacDonald, San Bernardino-Riverside area rent director for the office of housing expediter today announced that his office had obtained restitution of \$16,839.98 in rent overcharges to three hundred and three tenants since the beginning of the year. One hundred forty-two landlords were involved in the overcharge cases, which were settled without court action. Fourteen cases have been carried into court during the same period, resulting in refunds amounting to \$6,408.88.

"In each case," Mr. MacDonald said, "the restitution proceedings began with an inquiry to this office by the tenant as to the amount of his maximum legal rent."

"FOR HOUSING subject to rent control regulations," Mr. MacDonald continued, "no landlord may charge more than that maximum legal rent which is on file here." The area rent control offices are located at 531 "E" street in San Bernardino and at 3900 Market street in Riverside.

According to MacDonald, many tenants are reluctant to bring complaints to the area rent office because they fear eviction if they do. "This is understandable in view of the tight housing situation existing in this area," Mr. MacDonald said, "but I want to make it plain that we are empowered under the law to seek injunctions to prevent such evictions, and are prepared to do so when necessary."

## School Bonds

### Handful of Voters Back \$100,000 Indio Issue

Voters of the Indio elementary school district Friday approved the \$100,000 school bond issue by an extremely light vote.

Unofficial final tabulations showed 87 for the issue and 5 against. Registration of the district was listed over 800.

The money will be used for school buildings, repairs, furnishings and other improvements.

## No License

### Villager Faces Judge For Traffic Violation

Edmund Prieto, 21, was at liberty under \$250 bail today awaiting hearing on a charge of driving without a license. His license was suspended for 90 days for another traffic offense recently. He is scheduled to face Judge E. E. Theriault in local court this week.

Muriel: The man I marry must be a hero.

Dora: Oh, come dear. You are not as bad looking as all that.

Beautifully located corner lot in Palm Canyon Mesa Tract. 250-ft frontage by 100-ft. deep. Kindly submit your offer.

A "Little Tuscany" large lot. Will be sold for \$6500.

\$5000 will take this 100 by 135-ft. lot in Chino Canyon Tract.

A 125x120 corner lot in Las Palmas Estates. Surrounded by beautiful homes. \$9000.

Three-bedroom homes as low as \$13,800, up to 7 bedrooms each with private baths. \$55,000.

## Estimate Quarter Million Auto Accidents in Next Year to Fall Under New Responsibility Law

An estimated 250,000 California traffic accidents during the next 12 months will fall within provisions of the new financial responsibility law which becomes operative July 1, Motor Vehicles Director A. H. Henderson said this week.

"An accident must involve injury, death or damage of more than \$100 to the property of any one person to be reportable," said Henderson.

UNDER PRESENT price schedules for automotive repairs it isn't difficult to cause \$100 worth of damage. The penalty for failure to make such a report to the Department of Motor Vehicles within 10 days after an accident will be suspension of a driver's license.

Since most accidents involve two or more vehicles it is anticipated that at least 500,000 reports will be received under the law during its first year of operation. Although a new statute in California, this same idea has been tried in various forms in other states.

IN ADDITION to the reporting requirement, a driver involved in one of the types of accidents covered by the law, must post security to cover any possible damages within 60 days of such a mishap.

Since standard automobile liability insurance meets security provisions of the act it has become erroneously known as "compulsory insurance law." Standard automobile liability insurance is that which provides limits of \$10,000 for death or injury of two persons, \$5,000 for death or injury of one person in any one accident and \$1,000 for property damage.

There is no compulsion to buy insurance, Henderson explained. A motor vehicle may be registered in the state without displaying evidence of insurance and it is not required in obtaining a driver's license.

IN MANY OTHER states the owner as well as the driver must demonstrate financial responsibility. But in California the only time the owner is held accountable under this law when he is not the driver is when the operator of his vehicle is physically incapable of reporting an accident to the Department of Motor Vehicles at Sacramento. In that

case it becomes the responsibility of the owner to report as soon as he learns of the mishap.

Many other states have lower property damage levels than California's above which an accident must be reported. New York, for example, requires accidents involving only \$25 or more to be reported while in many other states the minimum is \$50.

CALIFORNIA'S LAW also differs from those in many other states in that the driver of a vehicle that is legally stopped, standing or parked is not required to post security.

Henderson urged all motorists, both resident and non-resident, to obtain a copy of the State's Financial Responsibility folder and familiarize themselves with the law. These folders may be obtained from police departments, service stations, California Highway Patrol offices, branch offices of the Department of Motor Vehicles and from insurance agents and brokers.

## Valentine Trying New 3-Wheeler

Charley Valentine of the traffic detail is giving his new "three-wheeler" the works this week cruising up and down the drive, taking imaginary swipes at tires with his chalk-stick, getting ready for the new season.

Council recently authorized the purchase of the motorcycle for the police department to enable the officer checking parking to cover more ground daily.

Although parking violations are not being watched as strictly during the summer months when more space is available, other traffic law infractions are still drawing tickets.

"Too many people figure that in summer they do not need to observe boulevard stops—all who do are being written up and given notice to tell it to the judge," said Valentine.

# INCOME UNITS FOR SALE

This new, unfurnished triplex is nearing completion and is situated on a large lot with lots of room for further building if desired. Two units consist of combination living-room; kitchen; bedroom and bath. Center unit is a bachelor apartment with kitchen. Well constructed, this property is a real value at

\$20,000

## Open House At Ramsey's Merry Affair

"Little Get-Together"  
Initiates New Home  
At Rancho Mirage

James and Doris Ramsay's "little get-together," initiating their home La Casita Verde on San Jacinto road, Saturday night, was one of the delightful parties of the season. Almost sixty guests were present to enjoy the hors d'oeuvres at the snack bar, with suitable refreshments. One of the features of the evening was the impromptu barber-shop glee club organized in the patio, accompanied by the Swetlands' miniature organ.

The guests represented such varied localities as Los Angeles, Hollywood, Detroit, Michigan, Toronto, Canada, and Palm Valley from Palm Springs to Indio. Among those present were the Harry Holts of Detroit and Rancho Mirage; the Paul Clark's; Carroll Waller's; Stanley Corson's; Tommy Powell's; Bert Wade's; Lyle Harper's; Art Sell's; Harlan Bosler's; Barry Frost's; Ed Ewatts; the Phil Lester's; Bob Ellsworth's; Bob Keedy's; the James Youngs'; Dr. and Mrs. Church; Herb Truex's; Clyde DeVinna's, Mr. and Mrs. Lorraine; Don and Dorothy Behnke and their daughter Doris. Also Herb Pritzlaff, Ted Hutchinson, Cal Brown, Cynthia Snowden, Bunny Steele, Bernice Gilmore of Toronto, A. Ronald Button, Harris Johnson, Frank Purkett, Don Cameron, Kathy Dandro, Ben O'Dell, Floyd Rister, and Lilli Swetland.

## At Convention

Dr. Chapman Flies to  
Seattle for Sessions

Dr. Vernon A. Chapman arrived back in the Village last week-end from a week in Seattle where he attended the annual meeting of the Eye, Ear, Nose and Throat specialists of western America.

He drove to Los Angeles and made the trip by air because of flood conditions in the northwest. Gone from Palm Springs eight days, he was able to spend a full week in Seattle as result of the combination auto and air trips.

Airplanes for Portland are temporarily using the Salem airport he said due to flood conditions in the Oregon city.

## Farewell Party Given Morgans On Departure

Arthur Brudvicks Hosts  
At Green Gables  
At Dinner in Patio

Mr. and Mrs. Arthur Brudvick entertained with a patio dinner and swimming party at their Green Gables apartment Monday night, the occasion being a farewell affair honoring Mr. and Mrs. Les Morgan, Mr. and Mrs. William Smith and Mr. and Mrs. Elmer Walberg, who are leaving for an extended motor trip encircling the United States and also celebrating the birthday of Rembert Trezevant.

Also entertaining for Mr. Trezevant were Mr. and Mrs. Roger Sherman who were hosts at a birthday party Tuesday night at the Palm House. Other guests of the Shermans were Mr. and Mrs. John Etter and Mrs. Trezevant.

Mr. Sherman is president of the First National bank of Mountain View and has recently purchased a home in the desert where the family plans to make its future home.

## Four From Village At Sacramento for Legion "States"

Three Palm Springs high school juniors were at North Sacramento today participating in the annual Boys' State sponsored by American Legion posts.

Richard Day, Jimmy Wills and Frank Purcell Jr. took off on a special train out of Los Angeles Friday night, this year's delegation from the Village to the important experience in self-government sponsored by the veterans. The State opened Saturday and continues for a week.

Each Legion post is entitled to one delegate but since all do not send leads to the State, Owen B. Coffman post of Palm Springs acquired two extra delegates from other Legion posts.

They sponsored one of the boys, the Lions club of the Village sponsored another and Earl Coffman of the Desert Inn sponsored the third.

Practical lessons in duties, rights, privileges and responsibilities of American citizenship are featured at the State.

American Legion Auxiliary units sponsor a Girls' State, also held at Sacramento, and Barbara Jones of Palm Springs is in attendance at this summer event which comes to an end Thursday. She was sent to Sacramento by the Owen B. Coffman post, American Legion Auxiliary, and left June 17 for the Girls' State which is conducted along the same general lines as the Boys' State.

## Convention

KCMJ To Keep Village  
Covered on Big Event

As politics rage at the Republican National Convention in Philadelphia, Palm Springs can sit back and hear many of the front-scene and behind-scene doings broadcast by Palm Springs' own KCMJ. Top CBS correspondents and reporters have joined forces in Philadelphia to insure complete coverage.

Edward R. Murrow will analyze convention doings and interview political big-wigs every afternoon at 4-45. Another daily broadcast from Philadelphia will be at 10-15 p.m.

A full hour and a half from the convention floor and speakers' stand will be aired tonight 6-30-8:00 p.m., and a half-hour again Wednesday night, 9:00-9:30 p.m.

All regularly scheduled newscasts on KCMJ will also carry reports of convention happenings.

## Peace Officers

County Constables and  
Judges Meet at Temescal

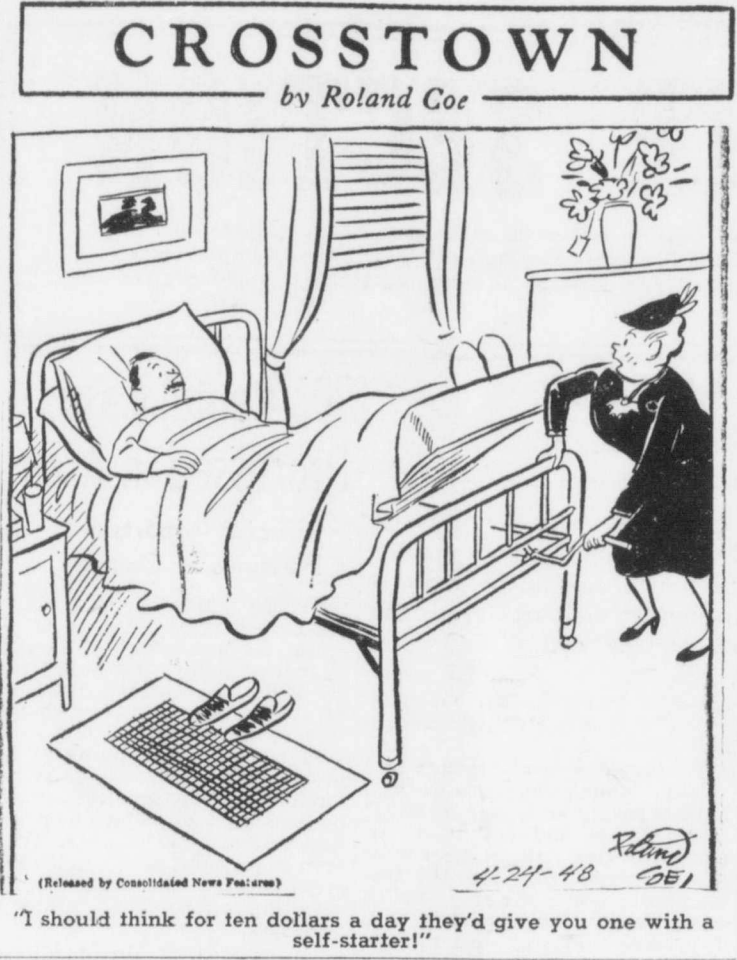

Regular meeting of the Justices' and Constables' Association of Riverside county was held June 17 at the ranch home of Constable Hugh Underhill in Temescal canyon following a delicious potluck dinner. Judge Geo. E. McCauley and Constable Underhill were hosts. Novel musical entertainment was given during dinner.

Guests included Mayor and Mrs. Charles Miller and Reverend Dan Hogan of Corona; Mrs. Thayer, Mrs. Gardner and Mrs. Eva Bensinger of Perris; Attorney and Mrs. Charles H. Carter of Elsinore and Corona; and Bailiff Stephen Lynch of Riverside.

President Walter Hull conducted the business session, which included the election of delegates to the State convention to be held in October in Imperial county. Results: Justice George E. McCauley, delegate, with Judge E. A. Stobbs, alternate; and Constable Walter E. Hull, delegate, with Fred Witt alternate.

September meeting will be held in West Riverside with Judge E. A. Stobbs and Constable J. A. Pittman, hosts.

Judge E. E. Theriau and Constable Fred Duffy of Palm Springs were unable to attend Thursday's session.

## DOING THE VILLAGE

with  
Moya Henderson

Just for a change this week we can mention a few names of those who've come back to the Village even if their stays were of short duration.

From Santa Monica on Wednesday came Harry and Pat Ried and Russel and Jane Wade. They visited about the Village, dined at the Palm House and headed back towards the beach in Harry's shiny, canary yellow convertible that he came down to pick up. Don Miller, fresh from San Diego boot camp, was home for the week-end looking rather warm in navy blues. Reversing the general procedure these days, Roy Medby dropped down to the Village from Idyllwild bent on business. Saw him visiting with Alice Hough and Jane Neel in Wal Spalding's shop.

AND THAT REMINDS us that Wal has opened up a shop in the Barbara Worth Hotel in El Centro, if you're down that way, drop in. Shirlee and Jimmy Cooper commute between Newport and Palm Springs once a week now, so that Shirlee can meet appointments at her Cathedral City shop two days a week during the summer. Ruth DuBose left her Idyllwild hideout long enough to keep a dentist appointment Monday. Ken has really gone hillbilly, looking for all the world like Nature Boy with a full growth of beard for the mountain's Fourth of July celebration. As usual they had a busy week-end. Among guests who dropped in on Sunday were Jay and Dottie Morrison and Gene and Helen Hughes. Florence Lockett has been in the Jack Williams cabin during the month of June while Jack and Helen are visiting in Kansas.

Ruth and Claud Valeur headed for the George Robertson's at Balboa to cool off for the weekend. Among those who will be summering in Laguna are Alice Guthrie and the Al Weingartens. Dorothy Epling left this week for La Jolla to join sister Roma Marvin. Dottie will manage the Brother and Sister Shop at the Beach Club. Down the coast a ways the Earl Coffmans are settled in their Del Mar home. Over at Toyon Bay, on Catalina Island, the Charlie Farrells and Frank Bogerts are expecting a busy summer, while at Laguna the Lee Berings and Tom Lyons are busy developing that sumptuous club we've heard so much about. Lib Kettman is visiting with the Manases at Four Chimneys this week.

OVER WYOMING WAY Dean Thomas is busy wrangling dudes at an exclusive guest ranch while Art Lyman is combing the state looking for some suitable property to settle down on. Up at Estes Park in Colorado there is always quite a Palm Springs colony. Dr. and Mrs. Harry Reid are back at their Golden Horse Ranch, so named because of the beautiful palominos they raise there. The Fay Brainards are back at the resort for another summer as are the John Deckers.

Barbara Hinkle is visiting with her family in Michigan and Caroline Hicks left this week to visit hers in Boston. We particularly

envy the Phil Boyds and Melba and Frank Bennett who must be right in the thick of it now at the Republican National Convention in Philadelphia. We hear that the California delegation is busy pouring free orange juice at the headquarters for Warren. Why don't those people from the valley ring in a few Coachella grapefruit?

ON THE HOME FRONT things are quite lazy. Every afternoon, the usual foursome, consisting of Ernie Dunlevie, Toby Reid, Milt Hicks and Jack Gorham, leave Estrella Villas ready to whip their weight in wildcats on the Tennis Club courses and come home looking rather beaten down and ready for a cool game of volleyball in the swimming pool. As always in the summer, night ball holds the attention. The spectators can work themselves up to a mild frenzy in the cool breezes at the Field Club.

## Villagers' Views

To the Editor: After reading the articles published in your periodical concerning Dr. E. E. Ortel, I feel it necessary to write this letter.

Being a recent graduate of Palm Springs high school, after completing four very enjoyable years there, I feel the accusations thrust at Dr. Ortel, very unjust and without foundation.

During my stay at Palm Springs high school, I found the administration had four years of obstacles to overcome and still managed to produce a fine high school administration and student body with its standards above par with any high school. The past years have seen the end of world conflict and an increase in population necessitating a larger school, which forced the administration to lead the school

through these growing pains. The various problems faced and overcome are indeed a feather in the cap of the principal of the high school. Therefore, I feel that the new school board, in order to make a just move at this time, should give Dr. Ortel a chance to run the school without prejudice, next year.

In any case I feel that a profound apology is due Dr. Ortel at this time. I feel that Dr. Ortel has always held the interest of the students at heart at all times and does not deserve the disgraceful treatment.

In closing let me assure you that Dr. Ortel is completely unaware of my sentiment in this matter and knows nothing of my writing you.

## Noisy Motorcycles Come Under Fire Of Peace Officers

A clampdown on the No. 1 nuisance suffered by the general public — noisy motorcycles — began to be felt yesterday following a recent meeting of enforcement agencies in Riverside and San Bernardino counties.

In an effort to remedy the excessive noise of motorcycles, the representatives unanimously recommended that dealers would not sell or install any type of muffler unless it conformed to Section 673 of the California Vehicle Code, that law enforcement officers crack down on all violators, whether they be owners or operators of shops where illegal work is performed, and that judges establish and follow a uniform graduated penalty of \$15 for the first offense, \$30 for the second and \$45 for the third.

These steps are expected to silence the estimated 2 per cent of all motorcycles which, statistics bear out, are responsible for the ill reputation shared by all motorcyclists.

Representing Riverside county law enforcement bodies were Sgt. Ray Hastings, California Highway Patrol; Capt. L. T. Kinkead, and Traffic Sgt. E. T. Fagan, Riverside police department and Lt. L. S. Charlesworth, Coronado police department. A. R. Redinger, Robert Cundiff and Skip Fordyce represented Riverside motorcycle dealers.

Here's to the chaperon, may she learn from Cupid  
Just enough blindness to make her sweetly stupid.

## Annual Pilgrimage To Rally for Week In Mountain Area

Over two hundred professional and business men and women from Western and Mid-western states rallied at Idyllwild this week to participate in the seven-day conference of the Twelfth Annual Christward Pilgrimage which ends Sunday.

Mrs. Claude Drummond is general chairman in charge of arrangements. Flower A. Newhouse, nationally known author and lecturer, is principal speaker. All classes and entertainment programs are free and open to the public. The main theme of the pilgrimage conference, devoted to Christian metaphysics and Applied Christianity, will be "The Armor of the Spiritual Life."

This is the third consecutive year that Idyllwild resort has been chosen as the site of this conference. Previously annual meetings were held in Medford, Oregon, and Santa Barbara, California. A similar gathering of Christward students and readers will be held in Tacoma, Washington, August 1 to 8.

Hidden Lodge is the headquarters for the visitors this year. Meetings will be held in an outdoor sanctuary among the evergreen trees near headquarters.

## HEADS & TAILS

By JOE LAURIE, Jr.

Bert Wheeler, one of the truly funny men of the stage, is partial to 'nut' stories. He likes to tell the one about the man who was taking his son to an asylum. "Hey, pop, where we going?" asked the goof. "To the insane asylum, son." "Yeah? Who's gonna bring the horse and buggy back?"

The United States must mobilize because Russia and her satellites have refused to cooperate for peace and world recovery.—President Truman.

# VACATION'S COMING!

Here's how to  
**SEE TWICE AS MUCH**  
on your trip East!

**Planning a trip East this summer? Then here's how to explore America on your way East and back:**

Go East on one of Southern Pacific's Four Scenic Routes — return on another — see an entirely different part of the country each way. In fact, see twice as much!

For example: go East on the Golden State Route, the low-altitude way from Los Angeles to Chicago across the range and grain land of the nation. Then return on the Sunset Route from New Orleans to Los Angeles via the lush bayou lands, the rolling Texas plains, El Paso and Southern Arizona's dude ranch country.

Or — return on the Overland Route straight across mid-continent from Chicago to San Francisco, or on the Shasta Route via Portland through the evergreen Pacific Northwest.

**Your choice of accommodations, too.** In addition to comfortable chair cars and luxurious Standard Pullmans, there's through economical Tourist Pullman service between Los Angeles and Chicago, Kansas City, Houston, New Orleans, Portland, San Francisco and many other destinations.

**More information?** Ask your near-by Southern Pacific Agent. He'll be glad to help you plan your trip and take care of tickets and reservations.

**S. P. has Tourist Pullmans from Los Angeles!**

Go S. P. Tourist Sleeper for comfortable, modern Pullman travel for dollars less. Rail tickets for travel in Tourist Pullmans cost less than tickets for use in Standard Pullman Sleepers. And the Tourist Pullman berth charge is less, too. Tourist car passengers have all privileges of dining and lounge car facilities.

**TO CHICAGO** (Golden State Route) **THE IMPERIAL**

**TO NEW ORLEANS** (Sunset Route) **THE ARGONAUT**

**TO PORTLAND** (San Joaquin Valley Line & Shasta Route) **THE WEST COAST**

**TO SAN FRANCISCO** (Coast Line) **THE COASTER**

**TO SAN FRANCISCO** (San Joaquin Valley Line) **THE OWL**

**3 DAYLIGHTS DAILY**  
**SAN FRANCISCO • OAKLAND • SACRAMENTO**

Luxurious streamlined chair cars — all seats numbered and reserved — tavern car, diner and coffee shop. Morning Daylight (via Coast Line) leaves Los Angeles 8:15 a.m.; San Joaquin Daylight (via San Joaquin Valley to Oakland and Sacramento), 8:25 a.m.; Noon Daylight (via Coast Line), 12:15 noon.

From Los Angeles* to	One way	Round trip
<b>SAN FRANCISCO</b> . . . . .	<b>\$ 7.50</b>	<b>\$13.50</b>
<b>OAKLAND</b> . . . . .	<b>7.41</b>	<b>13.35</b>
<b>SACRAMENTO</b> . . . . .	<b>7.16</b>	<b>12.90</b>

\*All fares quoted from Los Angeles. From other points there may be a slight difference. Ask your S. P. Agent. 15% Federal tax applies on all fares.

**New — Rail Travel Loan Service.** Travel now — pay later in convenient monthly installments. Ask your S. P. Agent.

**S. P.** the friendly Southern Pacific

## Four Fast Games Give Softball Fans Plenty of Excitement at Field Club

Thursday and Friday night featured some of the best ball games played on the Field Club lot this summer with close scores and exciting finishes marking the four games.

Mexican Chicks and Desert Stars of the Girls' League clashed Thursday night in a game that was close until the fifth. Going into that inning trailing by two runs, the Stars filled the bases and then Corinne Crossley, their first baseman, came up and socked one out of the lot to break up the game.

The line score: R H E  
Mexican Chicks 002 301 0-6 5 5  
Desert Stars 120 060 x-9 10 5

Barbara Santa Cruz, Ruby Lopez and S. Montijo; Gall Story, Barbara Crossley and Barney Hagen.

**IN THE SECOND GAME** Thursday night St. Boniface School of Banning and the Senior Boys' club team put on a nip and tuck battle before the Village boys won 5 to 3.

Raleigh Riddle, pinch-hitter for the locals, turned the trick in the sixth. After two walks and two were out, he hit a two-bagger which brought in two of his teammates and iced the game.

The line score: R H E  
St. Boniface 001 200 0-3 5 2  
Senior Boys 110 012 x-5 3 3

Espinosa and Olivera; Mendoza, Ben Prieto and Valesques.

**BOYS' LEAGUE** teams tangled in the first game Friday night and also put on a close one. The Roadrunners got away to a three-run lead and held the pace, although the Lion Cubs pressed them throughout.

The lads are small but they put up a good brand of baseball. The work of Rufus Lewis, shortstop for the Cubs Friday night was as classy as in the older

loops.  
The line score: R H E  
Roadrunners 300 013 1-8 12 5  
Lion Cubs 011 011 0-4 7 2

Buntun and Alexander; Judd and Reyes.

**ONE OF THE BEST** Desert Loop games so far this season was turned in in the second game Friday night when Palm Springs Electric downed the American Legion team 5 to 3.

The Legion had the best of it except for the third inning when Miley Cowart broke their backs with a three-run home-run that was the winning margin.

The teams were tied at two-all when Sandeffer hit for two bases and Hartman walked. Cowart then caught one to his liking and sent it out of the lot to put the Electrics ahead 4 to 1.

**THE LEGION** tried hard and almost tied it in the fifth.

Televara, Legion pitcher, stepped into the way of a terrific line drive by Rauch in the fifth and was almost knocked down. He recovered, however, in time to get his man at first base and go back in to finish the game.

The line score: R H E  
American Legion 001 020 0-3 4 1  
Pac. Electric 013 010 x-5 7 2

Televara and Gardello; Hubbs and Sandeffer.

**THE ELECTRICS** defeated the Banning VFW at Banning Thursday night in a County League game to get up among the leaders with two won and one lost.

The score was 13 to 9 with the local lads on the 13-side.

## Calbred Horses Winning Majority Of Stakes Events

Despite the presence at Hollywood Park's current race meeting of many eastern equine stars, California-bred horses have a slight edge over all the combined opposition in getting into the winner's circle, according to figures compiled today. Out of 160 races during the first four weeks of Hollywoodpark racing, the home-breds have won 80.

Cal-bred victories were led last week by Hemet Squaw, which won the \$25,000 Vanity Handicap from a sterling band of fillies and mares, earning her breeder, G. T. Williams, a breeder's award of \$1,635.

Alibhai, L. B. Mayer's famous stallion which was sold last week to a Kentucky syndicate headed by Leslie Coombs II, for a reported \$500,000, leads the home-bred sires in number of wins. Alibhai is credited with 7 winners of 8 races to place him three up on Hollywood and War Glory, which have 5 winners of 5 races each.

Mayer heads the list of breeders of winners at Hollywood Park. Twelve winners have come from his Perris thoroughbred nursery with earnings for him of \$7,740.00 in breeders' awards.

Second on the list of California-bred winners is Williams with \$1,875.00 in breeders' awards. Other leading breeders are Charles S. Howard with awards totaling \$997.50 and Rex C. Ellsworth with \$945.00.

## News from Tahoe

When on their way up to Lake Tahoe Mr. and Mrs. Clarence (Bell and Bill) Hager had a mishap with their trailer. While passing a parked car on the open stretch of road north of Adelanto another car suddenly appeared from the other direction in their path. A sudden turn broke the trailer hitch, upsetting the trailer and belongings along the road.

Another trailer was purchased at Victorville and they were again on their way. Things were considerably jumbled up but sewing machine, large tool chest, picture projector, etc., all repaired and in working order again.

Last year on their way up, a car was overturned at the same spot and three young men had to be taken to a mine by the Hagers as one of them needed hospitalization. Two cars and trailers were being driven by the Hagers then and they took the boys several miles off the road to the ambulance.

They now realize there is a blind spot on the road and have requested the state to put non-passing lines there.

Mr. Hager is a member of Lake Tahoe Boat Rental company, a corporation. Another Palm Springs member is Charles McFarland whose home is at 407 North Palm Canyon drive. Bijou members are Gordon Handel and Albert Dickenson.

Lloyd Morris of Palm Springs is managing one of the resort piers.

They are catching the big Mackinaw fish, and the speedboat riding is very popular as well as drive-yourself motor boats and the kayaks for the children.

Cecil Hager and bride from Palm Springs were out for a speedboat ride last week. Cecil is running the Garnet garage which the Hager brothers own while Bill is away from Palm Springs.

## Preparedness

Legion Believes in It; Installs Cooler

The American Legion believes in preparedness. For that reason a crew of Legionnaires and workmen, under supervision of Past Commander John Connell, assisted by Charles St. George, spent a hot Saturday on the roof of the World Wars Memorial building.

They were preparing for summer, installing a giant new cooler which will keep the auditorium temperature at its proper level no matter how hot the day outside.

There'll be no more hot times such as the one which characterized the first Jack Benny broadcast when it was so hot, even in February, that there was no after show and Mary Livingstone fainted.

From now on, everyone will be cool.

Pastor Jones: "Brethren, we must do something to remedy de status quo."

Deacon: "Brother Jones, what is de status quo?"  
Pastor: "Dat, brother, am de Latin for de mess we'r in."

Seeing holes in his sock the husband said: "Wifie, darling, why haven't you mended these?"  
"Hubby, darling, did you buy me that coat for Christmas as you promised?"  
"N-no."  
"Well, if you don't give a wrap, I don't give a darn."

## Time Is Short

Claims for Insurance Refunds End June 30

"Employees who paid more than \$30 in taxes under the state unemployment insurance law for disability insurance purposes must file their claims for refunds by June 30," Marvin J. Hughes, unemployment insurance manager in the Indio office of the California Department of Employment said today.

"Persons who worked for two or more employers during 1947 may have contributed more than \$30. Refund claim forms may be obtained at the Department of Employment office at 450 State Highway, Indio."

## Recreation

Supervisors Favor Plan To Expand Facilities

Supervisors, requested to aid a county-wide recreation problem but faced with a lack of funds, were considering today transfer of a part of the probation department funds to the recreation fund. A wholesome recreation program would lessen the delinquency need, it was argued.

## This Side of Sun ...

U. S. weather figures, and set at 8:07 p.m. ... That's daylight time ... Of course, here in Palm Springs, thanks (this time of the year) to Mt. San Jacinto, it didn't tarry as long with us as it did with those places which brag about an hour more of sunshine ... Now, they can have it ... Officially, the sun was up 14 hours and 21 minutes yesterday ... Summer arrived, as predicted, at 5:20 a.m. yesterday ... The Summer period is always on time ... That's one SP that is ... (Apologies to Chuck McGann and Charley Littler of the FSP but that just slipped in.)

**BUT LET'S GET BACK** to Father's Day ... Got a call Saturday that there were just dozens of songs about Father and that the party would send in a list ... But he didn't so will have to remain in ignorance ... The only nice one I can recall is that one about "Father, You've Been a Mother to Me" ... Trying to make a sissy out of the old man yet ... But us dads might as well admit it ... It was a woman who started Father's Day ... Mrs. John Dodd of Spokane, back in 1910, figures the old man should have a break ... And she had a nice dad, who hasn't? ... So she got the Spokane city council to set aside a third day of June in honor of all Fathers and the idea spread over the nation and became official in 1923 ... So Father's Day like a lot of other good things, came out of the west ... But it took 13 years.

**THE BEST EDITORIAL** on Father's Day out of a mess of drivel and lachrymous hoop-la appearing in the Sunday papers, in my opinion, was in the Los Angeles Times ... The writer who hacked that one out certainly must be a father of long standing ... He didn't bash his thumb like a lot of fathers but hit the nail right on the head ... Besides being good it saves me a lot of writing ... Here it is:

"This is the silver anniversary of the celebration of Father's Day. Among all our holidays, celebrations, fiestas and gala days, this occasion is relatively new and has never gained a firm grip on the imagination of the nation. The general attitude toward the occasion is patronizing, a last-minute effort to keep the old duffer pacified for another year of toil.

"The thought is admirable—if it is borne out. So, for today, consider his wishes. If he has a notion to loaf around the house, don't drag him off to the turmoil of the highways, to the mountains and beaches. If he wants to see the baseball game, don't require him to sit through several hours of galloping Westerns or love-lorn drama.

"And if you'd forgotten a present—run out quickly and get some remembrance. But buy something reasonable—after all, he usually has to pay for it."

**FROM NOW ON**, any reference in these columns to Sherlock will mean I'm talking to the louty operator ... I discovered this week that he used to be a detective ... Maybe that's why he's so good at solving my copy ... But more about that anon ... as they say on the radio ... Happy summer to you and many more of them ... If you can take it.

## Convention Topic Of Legionnaires At June Session

Election of delegates to the state convention of the American Legion at San Francisco Sept. 2 to 5, discussion of plans for attendance at the national convention in Florida in October and routine business marked the meeting of Owen B. Coffman Post, American Legion last week at World Wars Memorial hall.

The Village delegation to the department session will be headed by Commander Jay Morrison. Others chosen at last week's meeting and planning to make the trip are John Connell, immediate past commander; Ray Hiller, Robert Ellsworth, Harold Lienau, G. K. Sanborn, Tom Kelley, Charles St. George, George Kreimer and Robert Schmuck.

The post is planning some special features for the Miami Beach convention in the Fall which will draw attention of delegates from all parts of the nation as well as visitors, to Palm Springs. They have the assurance of the assistance of the Chamber of Commerce in their plans.

## Play Safe, Heed 'Signs of Life' Is Patrol Plea

"Heed the 'Signs of Life' and help reduce highway accidents," was the appeal of Clifford E. Peterson, commissioner of the California highway patrol, explaining that "Signs of Life" are the traffic signs, signals and pavement markings installed on streets and highways to safeguard traffic. Copies of the patrol, appeals were received by the Palm Springs police department this week.

The patrol is following a definite program in accordance with the national traffic safety plan, "Operation Safety." Peterson added, "Strict observance of the highway signs, traffic signals and street markings would be an important step in cutting down our accident toll. These devices cover almost every situation the driver will meet."

Five suggestions by which motor traffic could be made safer and more efficient were listed: Give traffic control devices the same respect you would a traffic officer.

Come to a complete halt at every stop sign.

Give strict heed to traffic lights, trying to beat them may cost YOU an accident.

Stay in the proper lane and use hand signals when changing lanes, stopping or turning corners.

Control your speed so you CAN heed the "Signs of Life."

We are taking our own folk to relieve these countries while these people are escaping taxation and are not contributing their wealth to this picture.—Rep. John Taber (R) of New York, accusing wealthy Europeans of moving their private wealth outside their own countries.

PALM SPRINGS, CALIF. Tuesday, June 22, 1948

The Desert Sun—5

BARBARA HUGHES and ELEANOR FEDERSPIEL will be two of the riders in the famous "slow horse race," a feature of the Napa County Fair and Horse Show, Calistoga, July 3, 4 and 5. Idea of the race is that the last horse to cross the wire wins. No owner rides her own horse therefore tries to win with opponent's horse so her horse can come in last.

U. S. Navy recruiting stations in San Francisco and Los Angeles placed first and eighth respectively in nationwide percentages of quotas enlisted during the first quarter of 1948. San Francisco's 141.7 per cent of quota was 8 per cent better than its nearest challenger, while Los Angeles was not far behind with 115.4 per cent of quota.

The taximeter was invented in 1895.

A lady once said to Whistler: "I don't know much about art, but I know what I like."  
"Madam," replied the great painter, "so does a cow."

And for California folks only! Yes, every one of those big cash prizes will go to local people—so think how much better chance you have to win! Here's what to do!

**THEN ENCLOSE** the panels from a Golden State Ice Cream carton, or a reasonable facsimile. The more entries you send—the more chances you have to win.

**SEE YOUR GOLDEN STATE ICE CREAM DEALER!**  
Get an Official Entry Blank—only entries on Official Blanks are eligible for prizes.

**MERELY COMPLETE THIS STATEMENT:** "I Strike it Rich in Golden State Ice Cream Because ..." in 25 words or less. See Contest Clues to help you win. Be sure to read the easy rules on the Official Entry Blank.

**YOU strike it rich in Golden State ICE CREAM**

THESE CONTEST CLUES MAY HELP YOU WIN!  
It's easy to write about rich, luscious Golden State Ice Cream, its creamy texture, exciting flavors ... it's the perfect dessert for every occasion! And only Golden State Ice Cream contains Nutri-mix—to make it more nourishing.

**GOLDEN STATE COMPANY, LTD.**

## Summer

First Day of Season Under Spring's Last

At 5:20 a.m., Pacific Daylight Savings Time, summer came in—on the dot, according to forecasts. Along about 3 p.m. it registered 102 degrees and decided to call it a day. So the first day of summer was eight degrees cooler than the last day of Spring. Sunday, when Spring, 1948, had its last crack at the thermometer, it registered a hot 110.

Even at that, there were many visitors in town and the sidewalks of the drive in the early afternoon were fairly well filled. Sunday night was one of the warmest registered here for some weeks, the minimum sticking around 70.

## Mystery Lights

Police Unable to Track Source of Flashes

Police Friday night investigated reports of mysterious lights flashing from the mountainside in the southwestern section of the Village but were unable to find any trace.

The report was made to police by Councilwoman Ruth Hardy of the Ingleside Inn who reported seeing a light being flashed on the mountainside as if someone were signalling.

Officer Robert White investigated but reported back that he was unable to see the lights and that if any one were signalling from the mountain side they had stopped before the location could be determined.

## California Amvets Honor 2 Villagers With State Offices

Palm Springs delegation to the state Amvets convention at Santa Cruz returned home yesterday with news that two Villagers had been elected to state office.

Bill Rashall, first commander of the local post, was elected state public relations officer and Minerva Wainess, state historian. Delegates to the convention were Col. C. N. Braswell, Bill Davis, Bill Rashall, Minerva Wainess, Pwgi Scot and Esther Yurman.

They reported to Commander Graham Dexter of the local post that the session at Santa Cruz was a great success.

## Spring Winds

Shifting Sands Hold Up Acceptance of Canal

Spring winds have delayed acceptance of the completed Coachella branch of the All-American canal for at least 30 days, it was indicated in reports from Indio this week.

The strong winds have blown shifting sands into the canal which was actually completed last month.

As a result the U. S. Reclamation bureau has refused to accept the job until the sand is cleared out.

"My dear, for you I'd climb the highest mountain; I'd swim the deepest river ... and I'll be over to see you tonight if it doesn't rain."

## LEGAL NOTICES

No. 3768  
CERTIFICATE OF PARTNERSHIP  
DOING BUSINESS UNDER A  
FICTITIOUS NAME  
CIVIL Code Sec. 2466-68

STATE OF CALIFORNIA,  
COUNTY OF RIVERSIDE, ss.  
We hereby certify that we are part-  
ners transacting business at 640 North  
Indian Ave., Palm Springs, California,  
and on Highway 99, Garnet, California,  
County of Riverside, State of  
California, as co-partners under a  
fictitious name, to-wit:  
"PALM SPRINGS STORAGE &  
SUPPLY COMPANY".

We further certify that we are the  
sole owners and proprietors of said  
business. Our names in full and place  
of residence are as follows:  
David Margolius, Ambassador Hotel,  
Palm Springs, California.  
Beulah Margolius, Ambassador Hotel,  
Palm Springs, California.

IN WITNESS WHEREOF we have  
hereunto set our hands this 16th day  
of June, 1948.

BEULAH MARGOLIUS  
Ambassador Hotel, Palm Springs, Cal.  
DAVID MARGOLIUS  
Ambassador Hotel, Palm Springs, Cal.

## State Bar Chief

County Lawyers Rally  
At Riverside Session

Judge E. E. Therieau of Palm  
Springs was among scores of  
county attorneys rallying at the  
Chi Chi in Riverside yesterday to  
greet F. M. McAuliffe of San  
Francisco, California State Bar  
president, who addressed the  
Riverside County Bar association  
at a luncheon session.

Judge Walter Rouse, Indio,  
president of the County associa-  
tion, presided.

McAuliffe was accompanied on  
his visit to the county by Car-  
lisle Crosby, Oakland, public re-  
lations chairman for the state  
group, and several directors of  
the association.

Relationship of the state bar  
association with county associa-  
tions was discussed.

## Save Laundry

State Forestry Crew  
Quenches Truck Fire

Anyway, they got their shirts  
back.

State forestry crews manning  
the fire truck at Desert Hot  
Springs Thursday did a noble  
deed. They saved the spas' laun-  
dry enabling all to dress up for  
the week-end.

A Hemet laundry truck caught  
fire as it was entering Desert  
Hot Springs but in no time at all  
the state forestry crew had it out.

About \$15 worth of damage  
was done to the truck and about  
\$1500 in truck and laundry cargo,  
was saved.

## MANY STRIPERS TAKEN

Many large stripers have been  
taken during the past few days  
from the Sacramento river near  
Marysville, Yuba county, reports  
National Automobile club.

## LEGAL NOTICES

CERTIFICATE OF  
FICTITIOUS NAME

I, the undersigned, do hereby cer-  
tify that I am transacting a general  
sheet metal business under the firm  
name and style of "TRAMVIEW  
VILLAGE SHEET METAL WORKS,"  
that the principal place of business  
is on Highway 111, approximately one  
mile West of Cathedral City, County

### REED'S RADIO SHOP

Now completing their fifth year of business in the sales and service of radios, refrigerators and general electrical appliances. In their complete line of merchandise they are also the exclusive Dealers in the Desert Area for the Frigidaire, Maytag and Capehart products. Ted Reed, the owner, is a member of the Lions Club and the Los Compadres. Harry Bernhard has been associated with him as manager for the past five years. Reeds are well known for their efficient public address system in operation at many of our public functions.

NOTE: Their store will be closed from June 27th until July 5th, in order to complete their annual inventory. This sale can be termed as a STOCK REDUCING PRE-INVENTORY SALE with values never before offered to the people of Palm Springs.

## Real Estate

A SMALL ESTATE  
PRIDE OF POSSESSION

That Can Be Yours Because It Doesn't Require a Fortune  
Tile roof, steel sash home with two bedrooms, two baths, two coolers and two Frigidaires but only one Bendix. There isn't but one swimming pool either but it is large and new, was built by Paddock, and has both filter and heater, and the glassed-in lanai that overlooks the pool and awning-covered flagstone patio is reeking with charm.

You would love this place from the moment you walked in the front door. A celebrity owns the house and his own good taste has created an inviting and restful atmosphere. It is all furnished, completely walled and beautifully landscaped.

The True Value Is Here—\$31,500
